

# Microscopy Without Compromise

Reserve a time slot to demo Nikon's latest confocal microscope systems. Bring your samples and see how the AX R with NSPARC achieves super-resolution imaging at real-time speeds while also providing a significant increase in signal-to-noise compared to traditional detectors.

**Location:** CVRTI

**Dates:** October 28 – October 31, 2024

To reserve a spot,  
contact your local Nikon Account Manager  
Christian Nunnally at
